Bursaries – ASSISTANCE WITH FEES

St Paul's is an independent school offering an outstanding, all-round education for gifted boys aged 7 to 18 years.

St Paul's takes great pride in being able to offer financial assistance to the families of talented boys who otherwise could not afford private education. **The parents of any successful candidate for St Paul's School or St Paul's Juniors may apply for a bursary.**

Each year there are funds available for free and subsidised places at all entry points, with a focus on **11+ and 16+** to reflect the natural state school entry points.

As with all other entrants, pupils hoping to benefit from a bursary must first gain a place at the school on academic merit. Following success in the assessment process, parents will be asked to complete a financial assessment form designed to establish the level of financial support available. Bursaries are awarded on the basis of a means-test form which requests full details of income and capital resources. Family circumstances may change so the level of support is reassessed annually.
